8/31/20

Dear Parents of Online BCCS Students,

There is no update from our vendor at this time. They are still working on setting up our school. Please have students select their electives so that when the vendor does get our school system going we are ready to move quickly with loading the courses.

Just to Clarify Electives:

- K-5 student select art or music
- 6th grade has no electives/all six courses are determined
- 7 and 8 grade students select one course from list shared in the survey document
- 9th and 10th grade choose one selection from the course descriptors provided

Reimagining the laptops is still in progress. We will deploy as soon as they are ready and we test the program.

I realize this is painfully slow, yet please be patient as we expect to have the online program set-up and computers ready this week.

Please send any questions my way or to office@byroncentercharter.org.

With Care,

Mark R. Kasmer
BCCS CAO
