Student Drop-Off and Pick-up Protocols

We all need to do our part to have a safe and efficient drop-off and pick-up process for the BCCS students and families. Your understanding and help is needed. Please review and follow the guidance presented as it is based upon current activity.

1. Drop-Off

- a. No matter what grade or what door students enter:
 - i. **ALL** vehicles are to pull-up as far as possible (up to mailbox) to drop-off students
 - ii. Parents should only have one drop-off
- b. If students are not ready for immediate drop, then pull vehicle into a parking space and release the students to use crosswalk when ready

- c. Students are to exit vehicles using the lane along the sidewalk or from a parking space
- d. Student should exit from the vehicle's doors facing the school/sidewalk whenever possible (when exit from the lane)
- e. If the the drop-off lane is backed-up near the street, pull into first lane, park vehicle and have students use the crosswalk

2. Pick-Up

- a. Follow the color scheme for pick-up times: Green 3:00 and Orange 3:10 (all students exit rooms at 3:15)
- b. Have cards with codes where attendants can view
- c. All students must use the designated crosswalk when traveling to vehicles waiting in lanes other than along the sidewalk.
- d. Do not block crosswalk.
- e. Be patient and follow the guidance of the person directing traffic.
- f. If you know your child will be delayed, pull into the first lane (closest to the road, and pull into a parking space
- g. As people exit, pull up vehicles into designated lanes (prevents blocking traffic on Burlingame)
- h. Be patient and follow the guidance of the person directing traffic (x 2)

As Always, Thank You for your cooperation and help.

W/ Care and Appreciation,

Mr. Kasmer
BCCS Chief Administrative Officer
