11/5/21

Dear Parents/Guardians of BCCS Students , I hope this letter finds you well. Please review these timely items as they are sent for your awareness and understanding. In particular, I ask for your consideration for participation in the ESSER funding Survey.

Report Cards: Please expect all K-12 students to bring home their first quarter report cards today, Friday 11/5). We ask that you review them with each child. Please contact the office or your child's teacher if the report card is missing and/or there are questions.

COVID Update: Parents please take note as there has been a recent uptick in COVID cases among members of our school community. Communications with students are and will be routinely sent home when warranted by cases in the building. As of today, most recent cases are among members in the homes/community and not specifically the students themselves. Please be reminded that we have and can administer Rapid Tests upon parental request/permission as appropriate. If you have any questions, please contact our Nurse Aide, Miss Lindquist at tlindquist@byroncentercharter.org. Please be vigilant in monitoring student's symptoms and communicating positive cases among the members of the school community.

School ESSER III Funding Survey: The link below is an ESSER (Elementary and Secondary School Relief Funds) III Spending Stakeholder Suggestion Survey. In this case we are seeking input from parents/guardians with regard to our local response and recovery from COVID-19 Pandemic. While there is flexibility in grant expenditures, the expenditures must include activities to recover learning loss and have the appropriate resources to effectively engage in remote learning. The survey will close the morning of Monday, November 15. Your consideration and response is appreciated.

Daylight Savings Reminder: Please be reminded to reset clocks back one hour on Saturday night as daylight savings time ends at midnight.

In closing I want to extend my appreciation for your support with student drop-off and pick-up. Due to your response to my requests things are much smoother and less hectic for all parties. Thank you! MK
